February is I Love to Read Month! This month will be jam packed with extra activities for celebrating reading and literacy!

Please keep an eye out for communication home about skating opportunities for students from classroom teachers, potential updates about the Lantern Walk, and additional information about Progress Conversations and Jump Rope for Heart.

If you wish for your child to participate in handing out Valentines, kindly have them send one for each member of their class. If they wish to send valentines to others, this is welcomed! Thank you! Happy February!
